

Argent Lily

Materials:

Black Fabric

White Embroidery Thread

Green Embroidery Thread (For Stem use DMC 3818 and Leaves DMC 987)

Yellow Embroidery Thread (DMC 743)

White Yarn

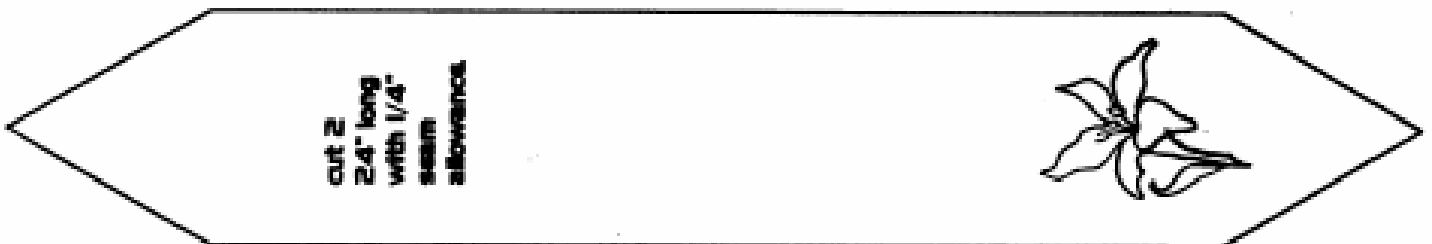

Black Yarn

Gold Metallic Thread

Instructions:

1. Cut two pieces of black material 24 inches long with $\frac{1}{4}$ seam allowance and 6 inches wide.
2. Embroider the lily onto one of the pieces placed as the diagram shows. Use a satin stitch on all except the flower center. Use a French knot for the center.
3. Sew two black pieces together and turn inside out.
4. Make two tassels. Cut white and black yarn to 5 inches lengths. Cut enough to make the tassels about $\frac{1}{2}$ inch thick when folded. Fold lengths together and bind with the gold thread. Binding should be wrapped several times to make a small band.
5. Attach the white tassel to the end with the lily and the black tassel to the other end.
